## In One Page

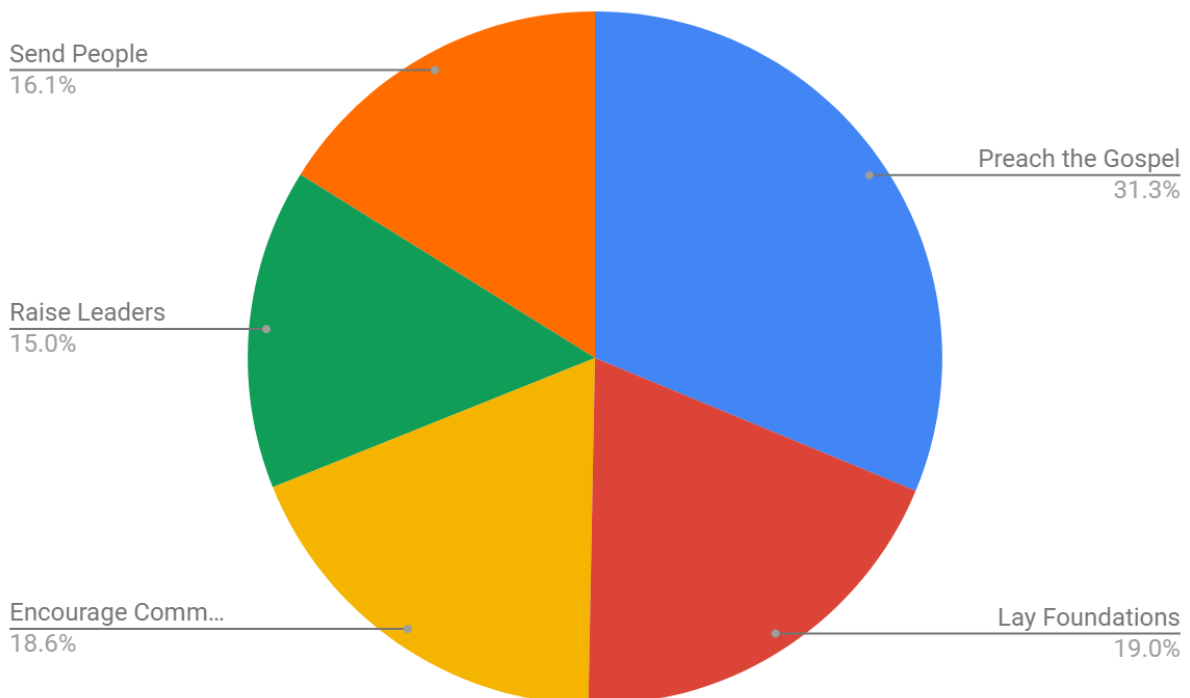

### Summary

We have seen strong growth in our finances throughout the previous years. In 2021, we continue to trust and have faith that God will provide all we need to build the community he is calling us to be in Delft. Please pray and ask God for his provision and how He would like you to contribute to this goal.

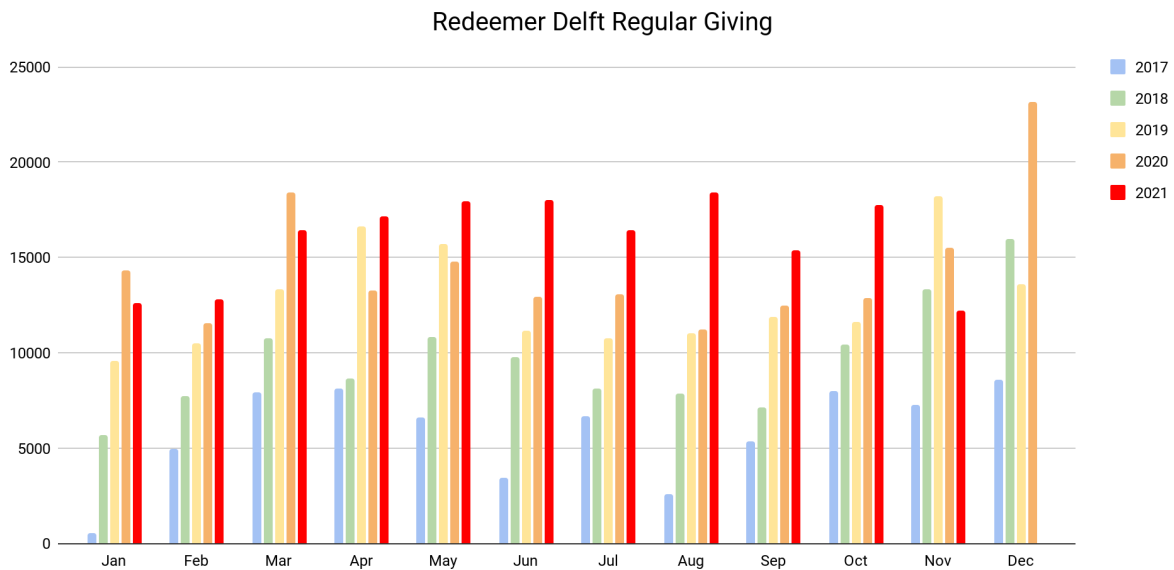

### The main figures for Jan-Nov 2021

Income 01-11	Expenses 01-11	Budget 01-11	Balance 01-11
223 k€	190 k€	195 k€	+ 33 k€

### Our Expense Plan

## The Longer Read

In the first 11 months of 2021, we had 223 334 € income. In May we had 21 645 € arrived as gift day donations and in June there was a 20 000 € special donation.

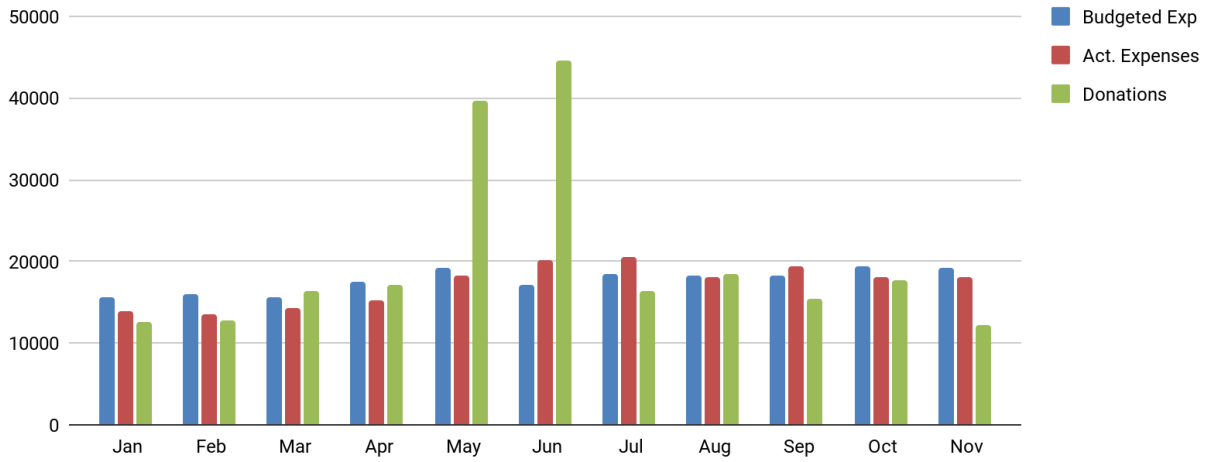

Currently for 2021 we have a **positive balance of 33 422 €**.

Giving through bank transfers has tax benefits, so for anyone who pays taxes here in The Netherlands, it is recommended to use a bank transfer. If you give less than 10% of your yearly gross income, your bank statements are enough for the Belastingdienst as proof of your donations.

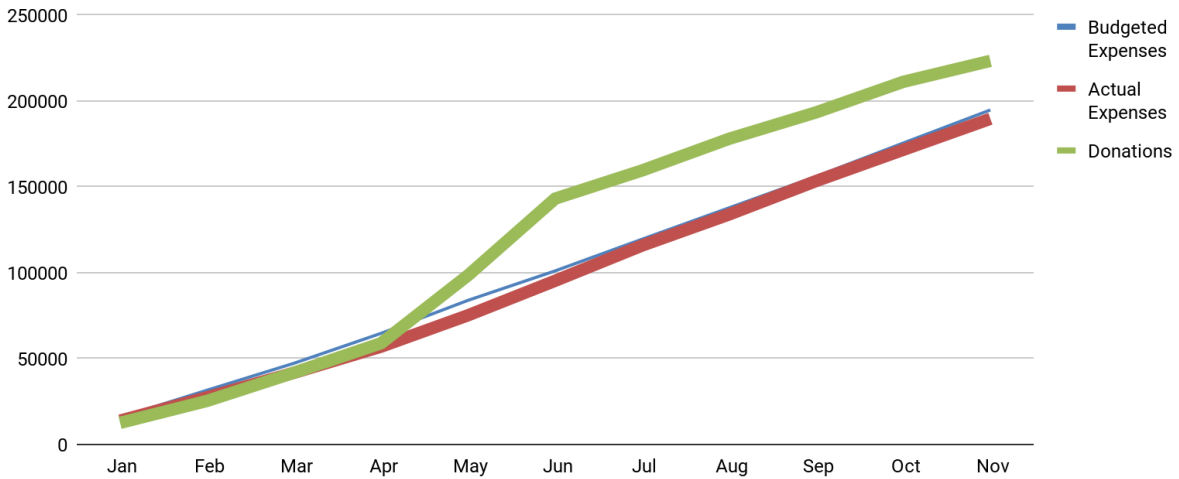

Our bank account number: **NL10 INGB 0007 6817 55**

If you want to give anonymously, we have a  account: [www.givtapp.net](http://www.givtapp.net), and there are also other giving options on our website: <https://www.redeemerdelft.nl/connect/give/>

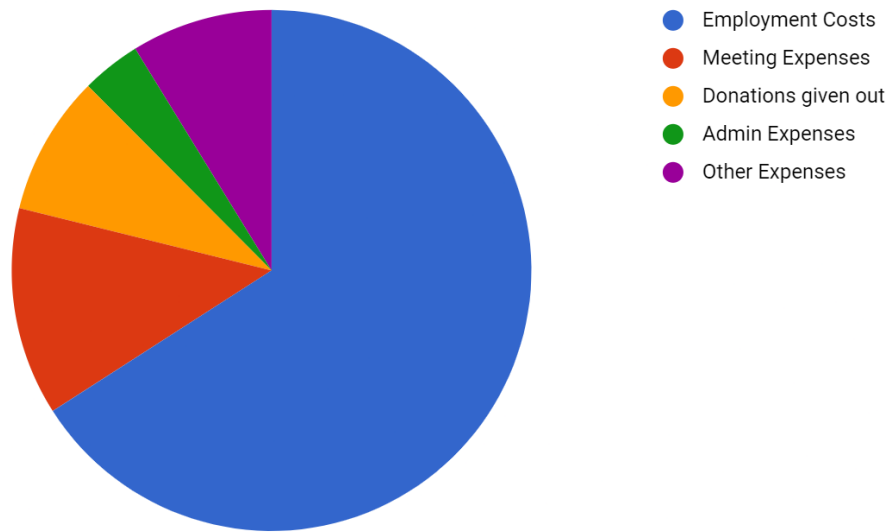

### Expenses and Donations 2021 by month

### Expenses and Donations 2021 cumulative

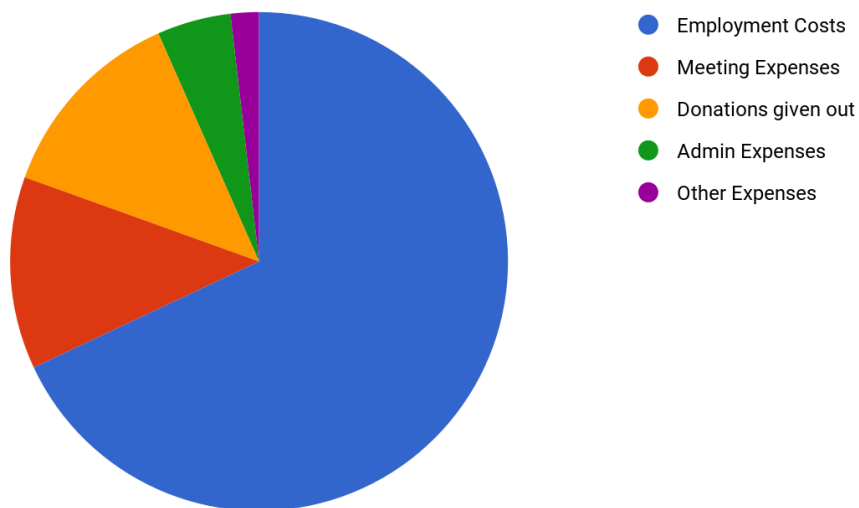

### Monthly budgeted expenses 2021

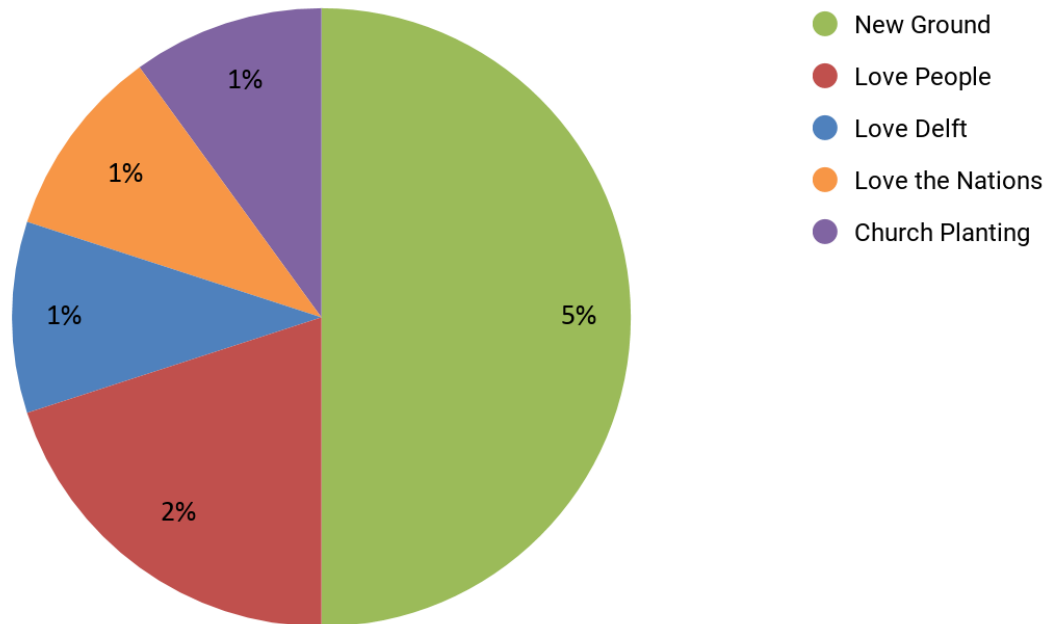

#### How we plan to spend the money we receive

The biggest part of our expenses - about 66% - goes to the costs of employment. Second biggest is the rent of the venue and other meeting related expenses, about 13%. Third is the donations we give as a church. From all our income we plan to give away 10%. On top of this, as an independent foundation we will need to keep our administration in order (payroll, bookkeeping, etc.), which will cost us about 4% of our budget. The rest (project cost, like Alpha, travel costs & other) is about 8%.

### 2021 YTD expenses

## Donations we give out as a church

Our plan is to give 5% from our income to **New Ground**. This is giving to the family of churches we belong to. This giving enables New Ground to train leaders, support and plant churches, put on conferences, and support apostolic ministry across us as a family of churches.

**Love People** fund: This fund is for people who need some extra help from within the church.

**Love Delft** fund (1% of our income): This fund is for the blessing of Delft, care for the poor in the city, etc.

**Love the Nations** fund (1% of our income + monthly 100€): This fund is about us taking seriously the fact that we are in a privileged part of the world and we have a responsibility before God to help support care for the poor and extension of God's kingdom in poorer parts of the world.

**Church Planting Fund** (1% of our income + monthly 100€): This is to get church planting into the DNA of Redeemer Delft. We plan to use this money to help to start new churches and to partner with them.

## Our Finance Team

As an autonomous church, we have a finance team. Attila Fabian, Benjamin Komen and Pieter van de Ven are helping us to manage finances well. Attila is the leader of the Finance Team.

We want to be transparent about our finances. You can have any financial questions to any of the finance team members. Come and talk to us or reach us at [finance@redeemerdelft.nl](mailto:finance@redeemerdelft.nl)
